UltraX 19" 1U Enclosure
Fusion Splicing, Fixed Type

Description

UltraX 1U enclosure is a rack mountable interconnect point specifically designed to manage dense fiber applications. This enclosure offers management of density up to 144 fibers. The detachable adapter plate on module cassette can be either installed indepently and used along with fusion splicing kits. The detachable front cabling rack is designed with reliable hinge structure for friendly future maintenance.

Fusion Splicing Kits (optional)

Features

- Cold-rolled sheet
- Textured black powder coat finish
- Universal 19" rack and compatibility
- Detachable module cassette adapter plate
- Detachable top cover and front cabling rack

Applications

- Data Centers
- Enterprise Network
- Telecommunications Cabinet
- Central Office

Front Cabling Rack (optional)

Specifications

Rack Unit	1U	Loading Capacity[①]	4 Cassettes
Material (Body)	Cold-rolled Sheet or Aluminum	Material (Front Cabling Rack)	Cold-rolled Sheet
Installation	Rack-mount	Surface	Black Powder Coat Finish
Dimension (HWD)[②]	44*483*270 (mm)	Weight[③]	4.5 Kg (Cold-rolled Sheet)
			2.0 Kg (Aluminum)

① Find full cabling capacity at "Ordering Information" on page 2; ② Depth reaches up to 365mm when front cabling rack is mounted; ③ The weight includes weight of front cabling rack (0.6kg).
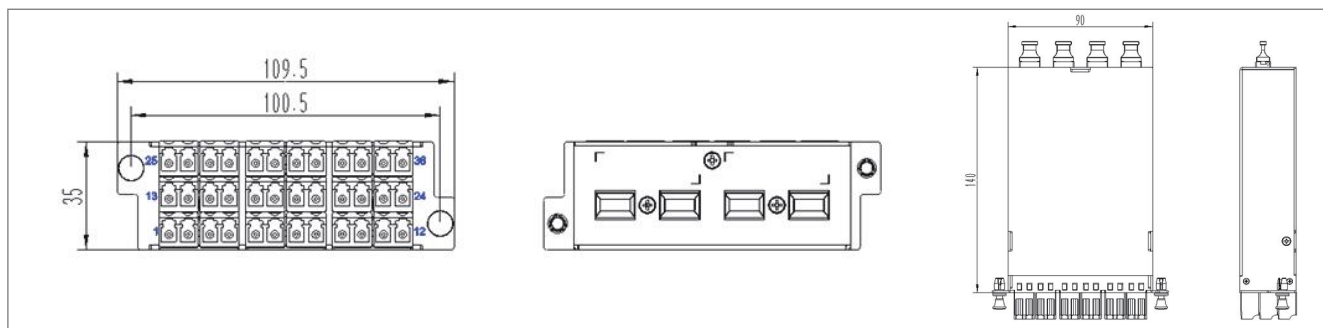

Ordering Information

Part Number	Description
UTF-E1U	UltraX Fiber Management Enclosure, 19" 1U, Fixed Type, Black, Unloaded
AC0-F01GG	Fiber Fusion Splicing Kit, ABS, White
AC0-R01GG	Fiber Management Front Cabling Rack , 19" , Cold-rolled Sheet
