

UltraX HD 19'' 1U Enclosure

4 x Module Cassette or 4 x Adapter Panel, Fixed Type

Description

The T&S UltraX 1U Rack Mount Fiber Enclosure (Fixed Type) is expertly designed to accommodate up to four Ultra family MPO/MTP® module cassettes or fiber adapter panels, delivering a modular and versatile solution for a wide range of fiber optic patching and termination needs. The enclosure features easy front access to fiber connections, making it ideal for transitioning from backbone cabling to distribution, connecting to active equipment, or serving as a cross-connect in both main and horizontal distribution areas.

When paired with MDC-MPO/MTP® or SN-MPO/MTP® module cassettes or adapter panels from the T&S Ultra family, the enclosure can achieve a patching density of up to 256 fibers within a 1U space.

The UltraX comes in two versions: version A for metal adapter panels and cassettes, and version B for plastic adapter panels and cassettes.

Features

- Durable cold-rolled sheet construction
- Smooth and stable sliding rails
- Textured black powder coat Finish
- Universal 19" rack compatibility
- Removable top cover

Description

Rack Unit	Loading Capacity	Installation	Material
1U	Four Cassettes/ Adpter Panels	Rack-mount	Aluminum
Standard	Dimension(mm)	Weight(Kg)	Family/Series
RoHS/REACH	436x42.5x268.5 ^①	2.8 ^②	Ultra/X
