

LC Adapter with Plastic Cover

LC Adapter with Metal Cover

LC DUPLEX ADAPTER

INTERNAL SHUTTER

Patented, Traceable, Dust-Proof, Eye-Safety Shutter

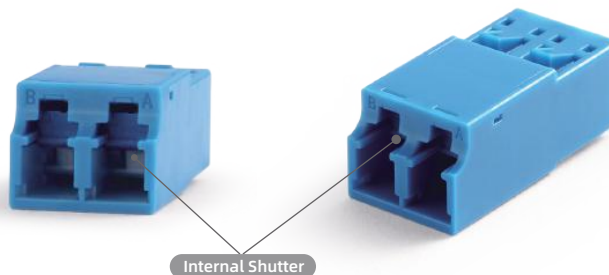

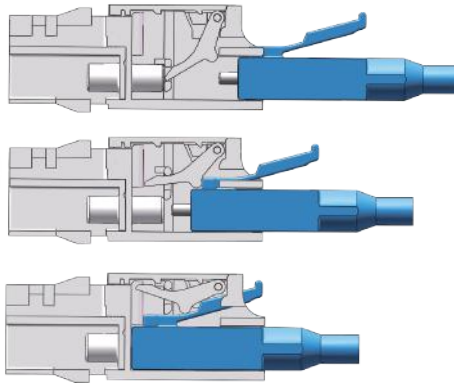

Description

T&S patented LC Duplex Adapter combines ordinary design with benefits of internal shutters, which provides maximum protection from lasers, dust, and other debris while protecting the ferrule. No dust cap is required for front receptacle. It's dedicatedly designed for LGX box used in rack-mounted fiber optic enclosures in data center for fiber cabling applications.

Features

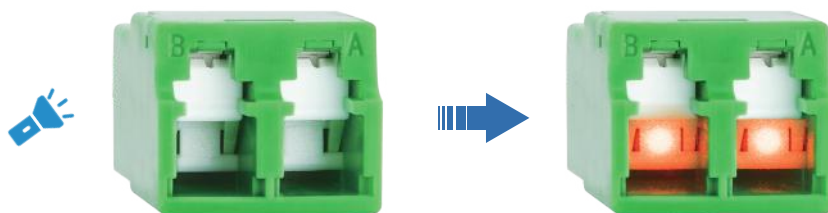

- Without flange
- Ideal for high-density packaging
- No dust cap required for front receptacle
- Compatible with T&S UltraX Fiber Management Platform
- IP5X dust-proof
- Adapter traceability with visible light source

Shutter Mechanism

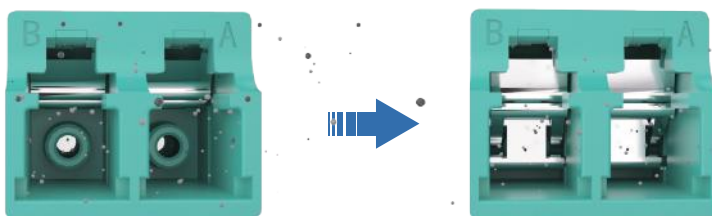

Traceable & Eye-safety

When using laser or other visible light for tracking the adapter port, the light will pass through the ceramic sleeve of the adapter, illuminating the internal shutter.

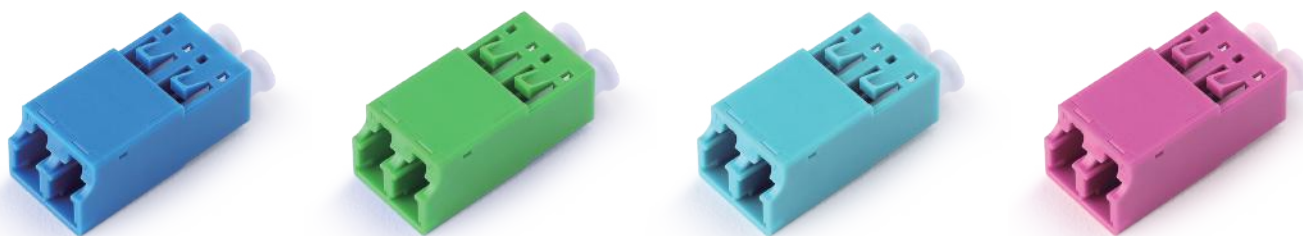

IP5X Dust-Proof

The internal shutter remains closed until connectors are plugged in, preventing the ceramic sleeve from getting contaminated by debris and dust in the air.

Housing Color

Ordering Information

PN	Description
AD.LC.BL-D-ZR-76	Adapter LC duplex, blue housing, white internal shutter, without flange, plastic cover
AD.LC.GR-D-ZR-76	Adapter LC duplex, green housing, white internal shutter, without flange, plastic cover
AD.LC.AQ-D-ZR-76	Adapter LC duplex, aqua housing, white internal shutter, without flange, plastic cover
AD.LC.RS-D-ZR-76	Adapter LC duplex, magenta housing, white internal shutter, without flange, plastic cover
AD.LC.BL-D-ZR-79	Adapter LC duplex, blue housing, white internal shutter, without flange, metal cover
AD.LC.GR-D-ZR-79	Adapter LC duplex, green housing, white internal shutter, without flange, metal cover
AD.LC.AQ-D-ZR-79	Adapter LC duplex, aqua housing, white internal shutter, without flange, metal cover
AD.LC.RS-D-ZR-79	Adapter LC duplex, magenta housing, white internal shutter, without flange, metal cover
