

UltraS HD 19" 1U Enclosure

4 x Module Cassette or 4 x Adapter Panel, Fixed, Lite Type

Description

The T&S UltraS 1U Rack Mount Fiber Enclosure houses up to four Ultra family module cassettes or fiber adapter panels, providing a modular and versatile solution for a wide range of fiber optic patching and termination needs. The simplified design provides an additional lightweight and easy-to-install option, making it an excellent choice for your renovation projects.

The UltraS comes in two versions: Version A supports metal adapter panels and cassettes, while Version B supports plastic ones.

Features

- Durable and lightweight aluminum construction
- Textured black powder coat finish
- Universal 19" rack compatibility
- Simple design with an open top
- Detachable front bracket
